MARSTEK
Power Anywhere & Anytime

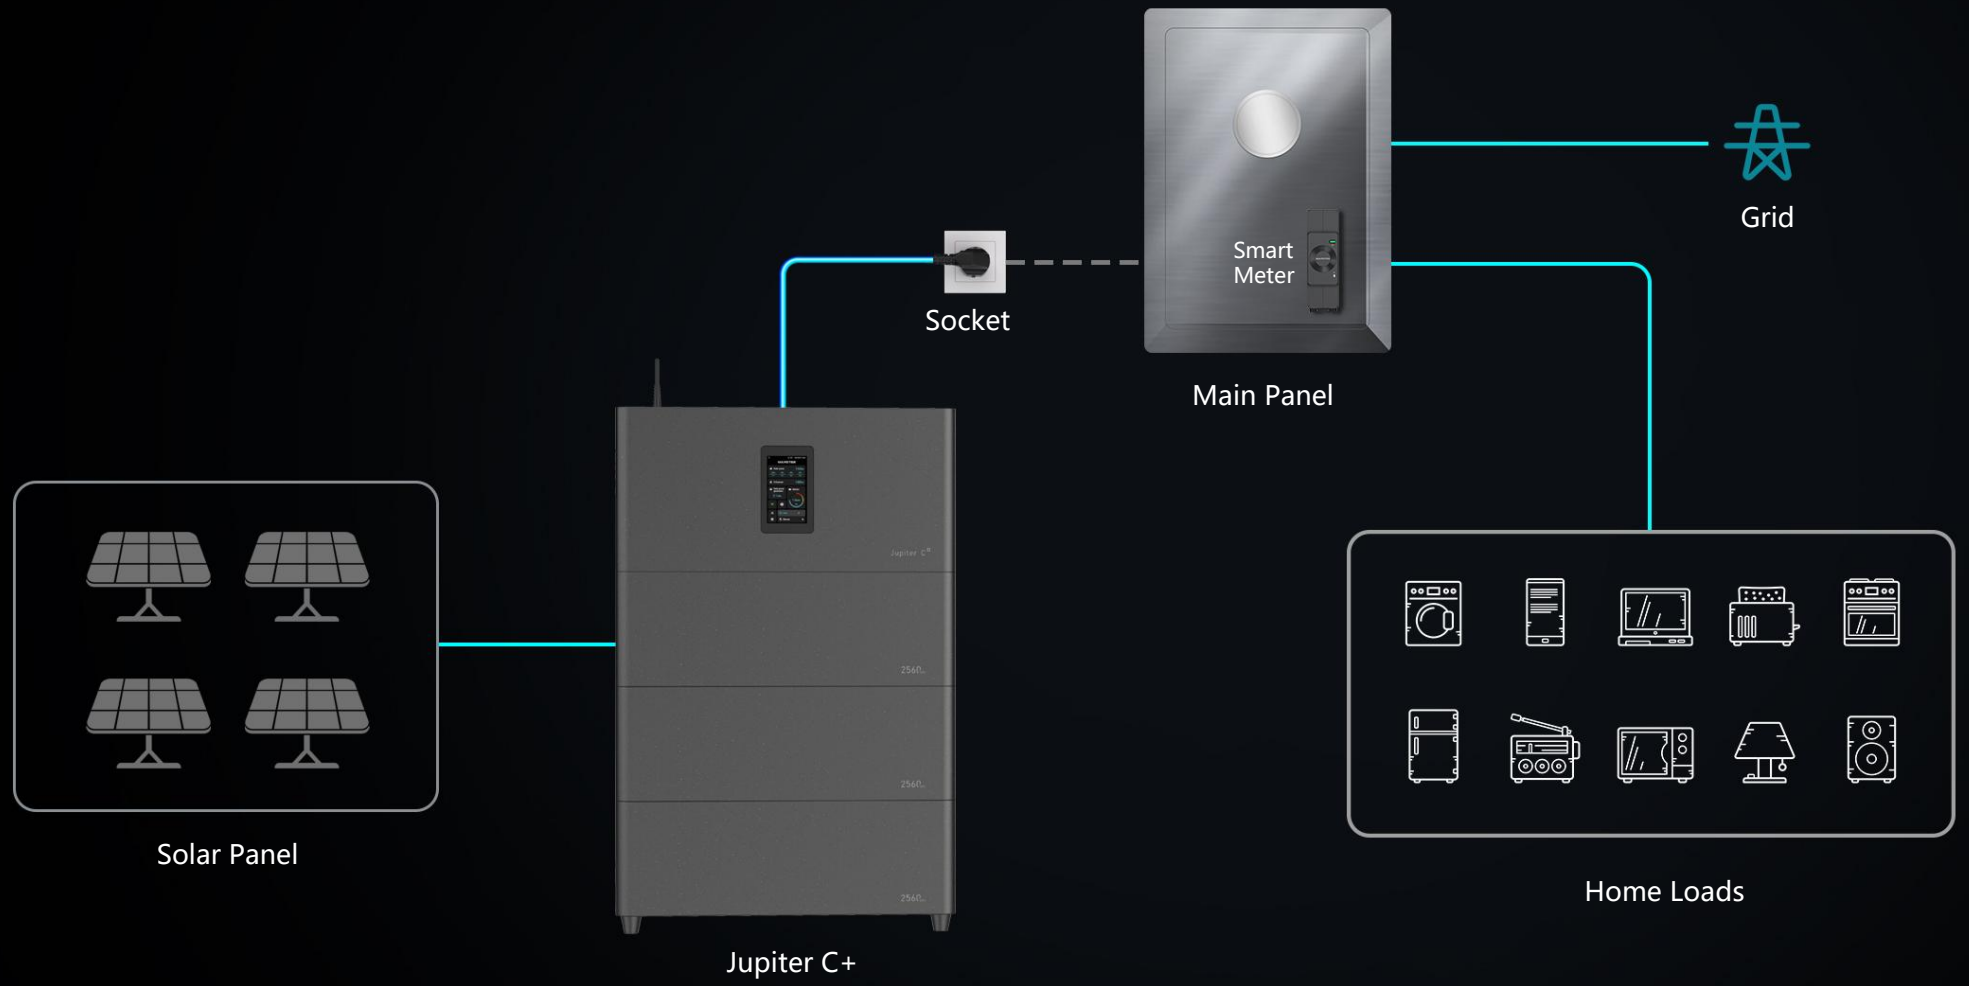
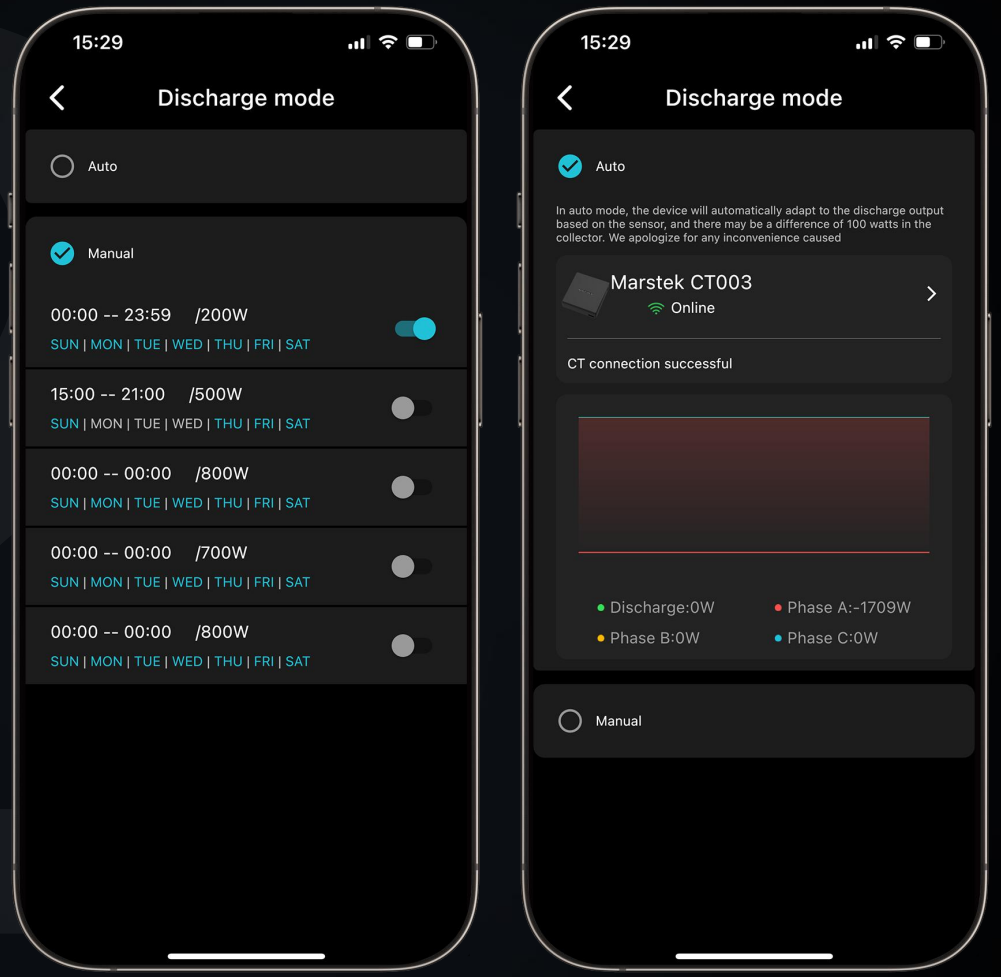
HOW DOES IT WORK



MARSTEK
Power Anywhere & Anytime

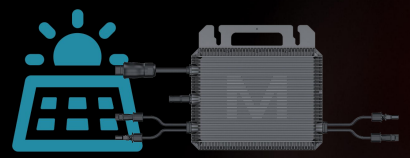
TWO WORKING MODES
to Optimize Efficiency

Optimize discharge strategy based on electricity price policy, loads and sunshine conditions



MARSTEK
Power Anywhere & Anytime

MAXIMIZE SAVING FROM SOLAR



Solar Panel + Micro Inverter

€ 540 per year

Solar Panel + Jupiter C+

€ 1296 per year

Remark: Base on a day electricty price of €0.15/kWh, a night electricty price of €0.4/kWh, DoD 90%, solar generation 10.24 kWh/day and a 300 sunny days per year.
